PENNYRILE FOREST GOLF COURSE

Pennyrile Forest State Resort Park Golf Course lies at the bottom of a small valley surrounded by rolling hills. The course is flat with a creek running through the middle and water comes into play on every hole of the front nine. The back nine plays over gently rolling hills and through a pine forest. The greens are soft and will hold a shot. Hole #3, a 499-yard, par 5, requires a tee shot from a narrow chute with woods on the left side and the creek on the right. The fairway slopes toward the water hazard so hitting your tee shot straight is a necessity. Another creek must be crossed before you reach the green, which is severely sloped.
